

ABOUT

Implementing Zero Trust Architecture to Enhance Security, Productivity, and Data Integrity, while Ensuring Future-Readiness and Mission Success.

PAST PERFORMANCE

Select Customers

- DoD | DMA
- DoD | DeCA
- USAGM
- ACI Worldwide

Sample Projects

- Global Enterprise Network Support
- Cybersecurity – RMF
- Cybersecurity – ATO
- Penetration Testing
- Program Management
- Enterprise Network – ZTA
- Enterprise Network – COOP
- Continuous Monitoring
- System Maintenance
- Agile Software Development
- Data Security – PCI DSS / DLP

ZERO TRUST

IT Infrastructure

- Zero Trust Network Access (ZTNA)
- Secure Access Service Edge (SASE)
- Microsegmentation
- Software-Defined Network (SDN)

Cybersecurity

- Risk Management Framework (RMF)
- Identity & Access Management (IAM)
- Penetration Testing
- Security Operations Center (SOC)

Data

- Data Visualization
- Data Loss Prevention
- Data-Centric Data Protection
- Business Intelligence

DIFFERENTIATORS

- Certifications: GIAC, CompTIA, CISSP, CRTO, Rapid7, OSCE, PMP, CCIE
- Partnerships: Microsoft, Cisco, Zscaler, Palo Alto Networks, Cloudflare, Splunk, Elastic, Snowflake
- GSA MAS: HACS & IT Pro Svcs
